PART E: Efforts to Address Systemic Barriers More Broadly within the Institution

Briefly outline other EDI initiatives underway at the institution (that are broader than those tied to the CRCP) that are expected to address systemic barriers and foster an equitable, diverse and inclusive research environment. For example, are there projects underway that underscore the importance of EDI to research excellence? Is there additional training being offered to the faculty at large? Are there initiatives to improve the campus climate? Please provide hyperlinks where relevant, using the hyperlink boxes provided below (URLs should include https://). Note that collecting this information from institutions is a requirement of the 2019 Addendum to the 2006 Canadian Human Rights Settlement Agreement and provides context for the work the institution is doing in addressing barriers for the CRCP.
